THE TAKEAWAY

Four high-intent braid-service phrases were recorded at #1 across the tracked observations. A broader men's-hair search also improved from #3 to #1.

Selected terms only; broader phrases in the source report were more variable. Profile activity totals are report-window figures; the window is omitted and totals are not directly comparable across cases.

Expanded keyword snapshot

Braiding studio | 12 tracked phrases

BROADER SEARCH VISIBILITY

Selected report terms; client and place names generalized.

SEARCH PHRASE	VOL.*	KD*	EARLIER -> LATEST
box braids near me	6,600	23	#1 -> #1
knotless braids near me	6,600	23	#1 -> #1

OTHER DOCUMENTED WORK

The report also documents answered profile questions, a customer-review reply, and local coverage maps.

* Source-report estimated search volume and keyword difficulty, where supplied. Earlier -> latest uses the first and last listed positions; intermediate snapshots are omitted. NF means not found in that report's tracker. Dates and tracking periods are omitted.

Junk removal & moving

Selected local-intent searches moved closer to the top results.

KEYWORD POSITION EXAMPLES

Selected phrases as reported; no dates or tracking duration shown.

SEARCH PHRASE	REPORTED POSITION
household junk removers	#8 -> #2
junk removal [city]	#8 -> #2
junk removal near me	#2 -> #1
trash removal near me	#12 -> #3

GOOGLE BUSINESS PROFILE ACTIVITY				REPORTED TOTALS
483 Profile views	102 Interactions	17 Calls	41 Directions	44 Website clicks

THE TAKEAWAY

The supplied tracker shows several service and local-intent phrases reaching first- or second-position visibility, including one moving from #12 to #3.

Examples are selected from the report; other tracked phrases had different positions. Profile activity totals are report-window figures; the window is omitted and totals are not directly comparable across cases.

OTHER DOCUMENTED WORK

The report also contains answered profile questions, a customer-review reply, local coverage maps, and a supporting source list.

* Source-report estimated search volume and keyword difficulty, where supplied. Earlier -> latest uses the first and last listed positions; intermediate snapshots are omitted. NF means not found in that report's tracker. Dates and tracking periods are omitted.

More than rankings

Other useful work and profile details documented in the supplied reports.

SUPPORTING PROFILE WORK

An anonymized roll-up of sections beyond the selected keyword rankings.

CUSTOMER QUESTIONS AND REVIEWS

4 / 4

Owner responses documented

All four reports show an owner response to a customer question. Three also show a reply to a customer review. Names and exact comment text are left out.

LOCAL REACH

5 mi + 15 mi

Geofencing maps included

Each report includes nearby and wider-radius map views around a profile location. Addresses, map pins and identifying labels are not reproduced.

SEARCH OPPORTUNITY RESEARCH

4 / 4

Broader keyword sets

Each report includes additional tracked search terms. Three also list estimated search-volume and keyword-difficulty fields.

PROFILE PROMOTION AND REFERENCES

3 / 4

reports list backlink sources

1 / 4

shows service posts with Call Now

Supporting report material

Three reports contain backlink/source lists, and one shows Google Business Profile service posts with a Call Now action. URLs and identifiable post copy are omitted.

Counts describe sections present in the supplied reports, not guaranteed outcomes. Client identities, precise locations, review text, source URLs, dates and durations are omitted.

Visibility and profile activity

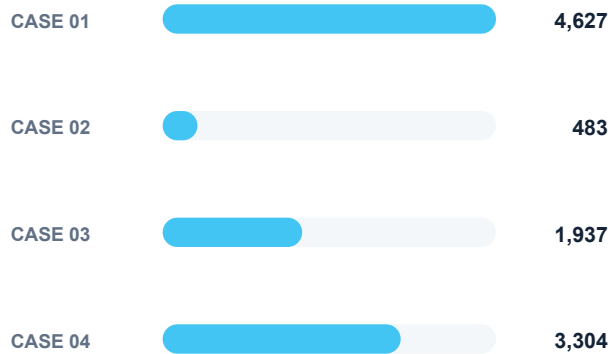

How often people viewed and interacted with the four anonymized profiles.

SOURCE-REPORTED TOTALS

Each chart uses its own scale; compare bars only within a chart.

PROFILE VIEWS

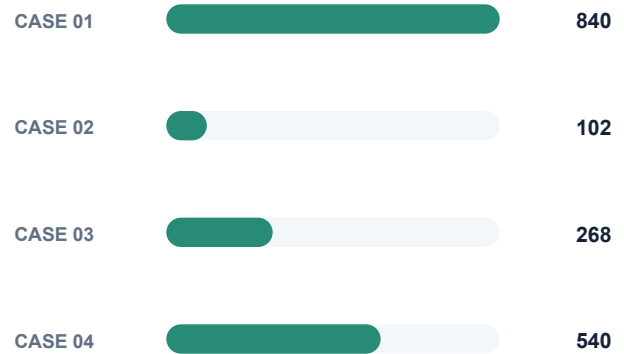

REPORTED PROFILE TOTALS

Bar lengths are scaled within this chart.

PROFILE INTERACTIONS

REPORTED PROFILE TOTALS

Bar lengths are scaled within this chart.

HOW TO READ THIS

Views and interactions are separate report metrics. These are source-reported totals, not a count of new customers or guaranteed leads. Reporting dates and durations are omitted as requested.

Calls and other customer actions

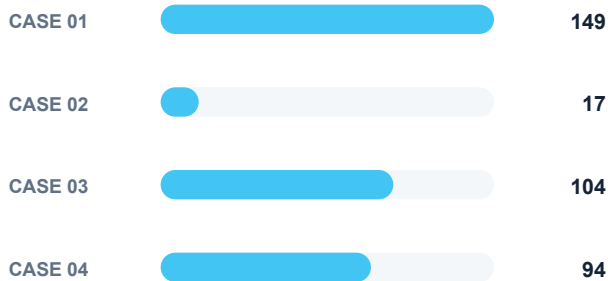

A closer look at calls, direction requests, and website clicks from profile reports.

ACTIONS RECORDED ON THE PROFILES

Case numbers correspond to the four anonymized examples above.

CALLS

REPORTED PROFILE TOTALS

Bar lengths are scaled within this chart.

DIRECTION REQUESTS

REPORTED PROFILE TOTALS

Bar lengths are scaled within this chart.

WEBSITE CLICKS

REPORTED PROFILE TOTALS

Bar lengths are scaled within this chart.

WHAT THESE COUNTS MEAN

Calls are call actions recorded by the profile. Direction requests and website clicks are separate actions. They do not show whether a customer booked, purchased, or became a qualified lead.

Source report dates and reporting durations are omitted. Totals are reproduced as shown and should not be treated as guaranteed campaign outcomes.

Reviews and customer responses

Review examples and response work visible in the supplied profile reports.

RESPONSE COVERAGE

3 / 4

Reports show a review reply

Three reports include an owner response to a customer review.

4 / 4

Reports show answered Q&A

Each report includes an owner answer to a profile question.

ANONYMIZED REVIEW THEMES

BRAIDING STUDIO

5-STAR EXAMPLE

Customer feedback

The reviewer praised a clean, welcoming space and attentive service.

JUNK REMOVAL

5-STAR EXAMPLE

Customer feedback

The reviewer highlighted prompt, punctual service.

BRAIDING STUDIO

5-STAR EXAMPLE

Customer feedback

A returning customer valued comfortable braids and a helpful team.

Each featured review image is an individual five-star example with an owner reply, not an overall profile rating. The reports do not provide a reliable total review count or aggregate star rating here. Reviewer identities and exact wording are omitted.
